

Experience

LIMITLESS LEARNING

When you prepare to #TEACHAG

Here are some fun ways you can discover if becoming an agricultural educator is the right career for you.

- Job shadow an ag teacher
- Intern with cooperative extension
- Create an ag lesson and teach it at your local elementary.
- Contact the institution you wish to attend and sit in on an agricultural education course at the university level.
- Interview agricultural education majors about their experience and their path to #TeachAg.
- Participate in #TeachAg Day via social media to connect with other future agriculture teachers.
- Connect with a #TeachAg Ambassador on the NAAE website.
