

The following changes were made to the Middle School Contest Guide Starting on 5/21/24.

Two items were added to the general rules, one regarding no photographing of contest materials and one encouraging the review of scantron sheets and providing team and contestant numbers.

Agriscience Mechanics

Point total corrected.

Event format corrected to remove the term team event and replace with practicum.

Quiz Bowl

Sample question regarding membership corrected

Food and Fiber

Individual Events and point total added

Individual skill information updated, 20 questions worth 5 points each.

Practicums scores and times corrected.

Plant Science

Individual skill information updated, 20 questions worth 5 points each.

Small Animal Care

Individual skill information updated, 20 questions worth 5 points each.

Practicum scores and times corrected.

General

The wording and formatting was changed in a few places to try to make all event uniform.

A statement was added to all practicums stating details will be on the website approximately 30 days ahead of the convention to allow for changing convention dates.

Special instructions for contests added to indicate **ALL** contestants need a clipboard, 4 function calculator and #2 pencils.
